

How can I create a zoological painting that would be worthy of being included in Darwin's journal?

End of Enquiry Learning

- I know how to draw in a variety of ways
- I know how to use photographs to support the development of my ideas
- I know how to use complex 3D images to produce 2D interpretations
- I can create outcomes using ideas from my journal including sketches and photographs
- I can select different parts of my observation to produce detailed sketches to be used later
- I can demonstrate technical knowledge when talking about my creations
- I can carry out an in-depth study

Vocabulary

photography	The art or practice of taking and processing photographs
in-depth	Extensive and thorough
demonstrate	Give a practical exhibition and explanation of (how a machine, skill, or craft works or is performed).

Pull in Colour
